

BACKYARD BANGSAR BIRDS

A Community Citizen Science Project

Projek Sains Warga Masyarakat

Record the number of birds that you see in your garden or street. Simply match the bird you see with the image below. Share your information with us every month by emailing ask@pulaitrail.info

Catat bilangan burung yang anda lihat di taman atau jalan anda. Padankan burung yang anda lihat dengan imej di bawah. Kongsi maklumat anda dengan kami setiap bulan dengan menghantar e-mel kepada ask@pulaitrail.info

Name _____ Location _____

BIRD ID	HOW MANY	DATE
 <p>Asian Glossy Starling <i>Aplonis panayensis</i></p>		
 <p>Asian Koel <i>Eudynamys scolopaceus</i></p>		
 <p>Black-Naped Oriole <i>Oriolus chinensis</i></p>		
 <p>Brown Throated Sunbird <i>Anthreptes malacensis</i></p>		
 <p>Common Iora <i>Aegithina tiphia</i></p>		
 <p>Common Myna <i>Acridotheres tristis</i></p>		
 <p>Coppersmith Barbet <i>Megalaima haemacephala</i></p>		
 <p>Eurasian Tree Sparrow <i>Passer montanus</i></p>		
 <p>Orange Bellied Flowerpecker <i>Dicaeum trigonostigma</i></p>		

BACKYARD BANGSAR BIRDS

A Community Citizen Science Project

Projek Sains Warga Masyarakat

You don't have to be a bird expert to take part. Participation requires only a little time each day. Submitting your observations is easy. Skills you will develop: Being observant, data collection, communication, analysis, and bird identification!

Anda tidak perlu menjadi seorang pakar untuk mengambil bahagian. Hanya luangkan sedikit masa setiap hari. Berkongsi pemerhatian adalah mudah. Kemahiran yang akan anda kembangkan: Menjadi pemerhati, pengumpulan data, komunikasi, analisis, dan pengenalan burung!

BIRD ID		HOW MANY	DATE
	Plume-Toed Swiflet <i>Collocalia affinis</i>		
	Rufous Woodpecker <i>Micropternus brachyurus</i>		
	Savanna Nightjar <i>Caprimulgus affinis</i>		
	Scaly Breasted Munia <i>Lonchura punctulata</i>		
	White Throated Kingfisher <i>Halcyon smyrnensis</i>		
	Yellow Bellied Prinia <i>Prinia flaviventris</i>		
	Yellow Vented Bulbul <i>Pycnonotus goiavier</i>
